Meeting.

13/6/25

Meeting started sharply at 11 am in the MET Unit on 13/6/25.

Following points were discussed.

MET Unit proposed to organise a Medical education technology workshop for the faculty development program to improve the teaching learning method.

- Lack of training will lead to lack in knowledge or skill to effectively use new educational technologies. Without training or professional development opportunities, the adoption of MET may be slow or ineffective.

- Offer comprehensive training & continuous professional development on MET tools for educators. Emphasize that MET can enhance rather than replace the role of educators by offering more personalized efficient learning experience.
