## REPORT

### **Free Medical Camp on the Occasion of 271st Birth Anniversary of Dr. Samuel Hahnemann**

On the auspicious occasion of the 271st Birth Anniversary of Dr. Samuel Hahnemann, the founder of Homoeopathy, Nootan Homoeopathic Medical College & Hospital organized a Free Medical Camp as part of its community outreach activities.

The camp was conducted in collaboration with **Jeevan Mukti Seva Sanstha and White Army, Kolhapur**, from 31st March 2026 to 2nd April 2026 at Jyotiba Temple during the pilgrimage period.

The objective of the camp was to provide free medical consultation and homoeopathic treatment to the large number of devotees visiting the temple. Patients were examined thoroughly and provided with appropriate homoeopathic medicines. Health education regarding prevention of seasonal illnesses such as heat-related conditions, dehydration, and infections was also given.

The camp was actively organized by 4th BHMS students, who took initiative in patient registration, case taking, medicine distribution, and overall management of the camp under the guidance of Dr. Sanjay Ketkale, Associate Professor, Department of Forensic Medicine and Toxicology (FMT).

The camp received an overwhelming response from the pilgrims, and a large number of beneficiaries availed the free healthcare services. This initiative reflected the institution's dedication towards community service and the promotion of homoeopathy.

The program concluded successfully, serving as a humble tribute to the teachings and legacy of Dr. Samuel Hahnemann.

The successful execution of this camp was made possible through the guidance of Dean/Principal Dr. Jayprakash Kore and the support of the management.”
